Cookie Policy

We would like to inform you about the types of cookies used on our website, the purposes for which these cookies are used, and how you can adjust, manage and delete them.

You can visit our website and obtain information about our products and services without providing any personal information. During your visits, certain cookies are used in order to collect information regarding the use of the site. Our aim here is to make it easier for visitors to use our website and to improve its performance and functionality.

What is a Cookie?

A cookie is a small text file that is stored on your computer or mobile device via your browser when you visit a website. In addition to enabling a website to function more efficiently, cookies make it possible to offer personalized pages so that you can have a more suitable and faster visiting experience tailored to your personal needs.

Cookies contain information only about your browsing history in the online environment and do not collect any information from files stored on your computer or mobile device.

Types of Cookies and Purposes of Use

Strictly Necessary Cookies	These cookies are essential for the proper functioning of our website. For example, they are used for purposes such as authentication and preventing the loss of information about your current session. They are used for purposes such as security and verification and are not used for any marketing purpose.
Cookies Required for Functionality	These cookies allow the website to remember the preferences of users who visit our website. For example, they enable the visitor's language preference or text font size selection to be remembered. If the use of such cookies is not permitted, certain personalized features may not be available and your preferences cannot be remembered.
Cookies Required for Performance and Analytics	These cookies help us improve our website. They collect information about how visitors use the site and are used to check whether the site is working properly and to detect errors.
Targeting and Advertising Cookies	These cookies are used to promote products and services on our website or on channels other than our website, to show you relevant and personalized advertisements together with our business partners,

	and to measure the effectiveness of advertising campaigns.

How Are Cookies Collected?

Data are collected through the devices you use to access your browsers. The information collected is specific to the devices. It can be deleted at any time by the user, and access to such information can be disabled.

Our Privacy Policy

Your privacy is important to us; your rights to privacy and security are our fundamental principle. In this context, you can access our information notice on the protection of personal data via our clarification text on the protection of personal data.

How Can You Control Cookies?

You can delete cookies already stored on your computer and prevent cookies from being saved/placed in your browser.

Internet browsers are preset to accept cookies automatically. Since the management of cookies varies from browser to browser, you can refer to the help menu of your browser or application to obtain detailed information.

For example:

- You can manage cookies in **"Google Chrome -> Settings -> Advanced -> Privacy and Security -> Site Settings -> Cookies and site data -> Allow sites to save and read cookie data"**.
- You can manage cookies in **"Internet Explorer -> Settings -> Internet Options -> Privacy -> Advanced settings"**.

Most internet browsers allow you to:

- View and delete stored cookies,
- Block third-party cookies,
- Block cookies from certain websites,
- Block all cookies,
- Delete all cookies when you close the browser.

If you choose to delete cookies, your preferences for the relevant website will also be deleted. In addition, if you block cookies completely, our company's websites and some of their features may not function properly.

Controlling Cookies on Your Mobile Device

On Apple Devices

- You can clear your browsing history and cookies via **"Settings -> Safari -> Clear History and Website Data"**.
- To delete cookies and keep your history, you can follow **"Settings -> Safari -> Advanced -> Website Data -> Remove All Website Data"**.
- If you do not want history data to be stored while visiting sites, you can activate private browsing via: **"Safari -> icon -> Private -> Done"**.
- You can block cookies via **"Settings -> Safari -> Block All Cookies"**. However, if you block cookies, some websites and features may not function properly.

On Android Devices

- You can clear your cookies via **"Chrome app -> Settings -> Privacy -> Clear browsing data -> Cookies, media licenses and site data -> Clear data"**.
- You can allow or block cookies via **"Chrome app -> Settings -> Site settings -> Cookies"**.
